## Come Learn How to Reduce Your Carbon Footprint & Utility Bills

Join us to learn 10 sustainability concepts that will empower you to make a positive impact on the environment while lowering monthly expenses. With a few simple changes around your home & garden, you can effect everyday ecology in a meaningful way.

### MEET OUR SPEAKERS

**Elena Christopoulos** works as an Energy and Political Consultant and was named Toronto's 2013 Woman of the

Year for her work designing wind turbines that have taken hundreds of homes off the power grid.

**Leigh Adams** is Artist-in-Residence at the LA Arboretum and is designing a one acre sustainable garden demonstrating water

harvesting and low water gardening, organic desert farming, and oasis food production models.
