

UNA-USA ORANGE COUNTY CHAPTER  
UN COFFEE TALK SERIES

***Food Sustainability:  
Good Intentions, Unintended Consequences***

**Anuradha Prakash, Ph.D.**

Professor of Food Science at Chapman University  
and  
Science Advisor to the FDA Pacific Regional Lab-  
Southwest

UN FAO's reports brought attention to the connection between societies' food choices and environmental sustainability. The U.S. Dietary Guidelines Advisory Committee is now looking beyond personal nutrition to concerns over the environmental impact of meat consumption and greenhouse gas emissions. Our chapter has an opportunity to address a topic that is UN related, timely, and appropriate for Earth Day.
